

BE SAFE, BE SEEN
HI-VIS RANGE

WHY CHOOSE BLACKROCK?

At Blackrock we have over 20 years' experience in designing and manufacturing PPE that keeps hundreds of thousands of people safe every year. We take pride in the quality of our products, working with internationally accredited organisations to test and certify them to appropriate national and international safety standards, as well as in the added value services we provide to give our customers the complete service.

ICON KEY

Wash Cycle

The maximum number of washes a Hi-Vis garment can withstand before no longer conforming to EN ISO 20471:2013.

Materials

Thread count and materials used. Thread count directly correlates to the garment's comfort and durability, whilst the materials used are carefully selected to ensure they are appropriate to the garment's durability and functionality requirements.
